

LLOYD AND 16 ASSOCIATES ARE RELEASED

SENTENCES COMMUTED BY GOVERNOR SMALL TO EXPIRE AT ONCE

Began Serving Sentences Last Week for Violation of Illinois Anti-Syndicalism Law—
Are Thanksgiving Gifts, Governor Says—
Is In Accord with Justice Carter's Opinion

(By The Associated Press)
SPRINGFIELD, Ill., Nov. 29.—Sentences of William Bross Lloyd and sixteen associates serving sentences in Joliet penitentiary and the Cook county jail for violation of the state anti-syndicalism law today were commuted to expire at once by Governor Len Small.

The commutations were presented as Thanksgiving gifts to the prisoners. They were to be released tonight upon the arrival at the penitentiary of Attorney W. A. Cunnea of Chicago, who was appointed a special messenger to carry the official papers. The prisoners began serving their sentences last week.

Mr. Cunnea represented the prisoners at a session of the board of pardons and paroles sitting today with the governor.

In taking this action Governor Small announced he was in full accord with the dissenting opinion of Justice Carter of the supreme court, who, contrary to the majority opinion, questioned the constitutionality of the syndicalism law, when the court decided the men must serve their sentences.

FILIBUSTER IN SENATE STOPS DYER MEASURE

Senate Adjourns Over
Thanksgiving with
No End in Sight

(By The Associated Press)

WASHINGTON, Nov. 29.—Determination of the senate Republicans to wage "a finish fight" in behalf of the Dyer anti-lynching bill failed today to weaken Democratic senators in their filibuster and the senate adjourned over the Thanksgiving holiday with no end to the filibuster in sight.

Appeals, arguments, criticisms and counter-criticisms were employed by the Republicans to break thru the Democratic obstruction. All went for naught and Senator Lodge, who presided over the Republican caucus yesterday at which a resolution was passed to force a senate session on Thanksgiving day if necessary to break the filibuster, ended a five hour session with a motion to adjourn until Friday.

The adjournment found the senate with less accomplished in five hours today than in yesterday's four hour session at which the filibuster was inaugurated. The Republicans yesterday succeeded in getting approved the Journal of the previous day's proceedings, but today the reading of the Journal was barely completed when Senator Harrison of Mississippi at the end of the session stood ready to present nearly a dozen amendments to the Journal necessary to continue the filibuster.

Turkish Revolt Is Reported In Thrace

(By The Associated Press)

LONDON, Nov. 29.—It is reported here that a Turkish revolt, accompanied by violent fighting at some places, has broken out in Western Thrace.

The correspondent of the Times at Constantinople telegraphs that he hears the insurgents are masters of the situation and that an armed band of 5,000 having machine guns is marching toward Dedegatch and demanding the holding of a plebiscite.

A despatch to the Daily Express from Constantinople describes the situation as dramatic and chaotic. It adds that not only are the Turks reported to have revolted but that bands of Bulgarians and Macedonians have crossed the frontier.

Xanthi, Gumuldjina and Dedegatch are said to be three of

the centers in revolt. The Turkish revolutionaries are declared to have seized Xanthi and established their own government there.

There has been fighting at Gumuldjina between revolutionaries and Greeks. The attack aimed at Dedegatch failed, although, according to Turkish newspapers, the inhabitants supported the attacking party and tried to exterminate the troops of occupation.

The reports received in Constantinople according to despatches admittedly are confused. British intelligence officials at Dedegatch telegraphing Tuesday did not mention a revolt.

It is reported that the Orient Express has been derailed between Adrianople and Luleburgaz either by the blowing up of a bridge or the cutting of the line.

TWO IMPORTANT DECISIONS MADE AT CONFERENCE

Turkey's Ambition is
Partially Realized
by the Action

(By The Associated Press)

LAUSANNE, Nov. 29.—Turkey's ambition to have a demilitarized zone marked along her frontiers was partially realized today as far as it concerns the strait of Greek islands stretching along the coast of Asia Minor in the Aegean sea.

The territorial commission of the Near East conference adopted the report of its sub-committee which recommended that important measures of demilitarization be carried out in these islands in the interest of general peace in the Near East.

Ismet Pasha, the chief Turkish delegate was not quite satisfied with the report. He claimed that all the military works on the islands should be removed and entered reservations in the minutes.

The second outstanding decision was that the status of certain other Greek islands should be studied as part of the general problem of the straits and that the Russian delegates should be invited to participate in this discussion.

Negotiations touching on the Dardanelles problem may be started Friday, M. Tchichorin, the soviet foreign minister, cannot reach Lausanne by that time, and M. Radkovsky will represent Russia as well as the Ukraine and Georgia.

Altho present at the sub-committee meeting this morning, former Premier Venizelos did not attend the full commission session in the afternoon and there was apparently no official reference during the meeting to the executions in Athens or the withdrawal of the British minister.

The Greek islands which the commission decided should be partly demilitarized include Samos, Mytilene, Chios and Nikaia. Lemnos was originally in this group as defined by the Turks, but the commission put it in the group of islands nearer the straits, the status of which will be fixed later.

This second group of islands now include Embros, Teodos, Samothrace and Lemnos, which are not far from the entrance of the Dardanelles.

Ismet Pasha contended the islands should pass from Greek to Turkish sovereignty but the Greek delegates protested on the ground that their populations were overwhelmingly Greek.

The first action along this line came today when Herbert A. Tuohy, of Springfield, chairman of the recently organized patronage committee, addressed letters to the chairman of the Illinois Commerce Commission and to C. C. McCord of the Interstate Commerce Commission.

The letter asks this question: "Shall an \$8,000,000 property, having a potential earning capacity sufficient to net a fair return on four million dollars of its obligations, or only one fourth of the total, may realize approximately 85 cents on the dollar?"

The letter asserts that those who would lose six million dollars by dismantling the property, are entitled to as much consideration as well as the first mortgage bond holders.

Three plans are suggested in the letter. The first is for reorganization of the road with four million of new capital or bonded obligations, of which \$1,000,000 would be paid out to satisfy the claims of the first mortgage bond holders, thus causing them a loss of \$750,000, the same amount as would be lost to them should the line be scrapped.

The second proposal is reorganization with three million new capital of which \$500,000 would be used in exchange for first mortgage bonds, causing a loss in this instance of \$1,250,000.

The third plan, which is most talked of, is an amalgamation of the line with some connecting road, that would open for both, new opportunities for increased business.

Why We Should Be Grateful

By EX-SENATOR COLE

CORNELIUS COLE, who celebrated his one-hundredth birthday recently, was a distinguished and an active figure in the public life of the United States for 60 years.

He represented California in the lower house of Congress from 1863 to 1865 and in the Senate from 1867 to 1873. He was a law associate of William H. Seward, President Lincoln's secretary of state, and a close friend of Lincoln himself.

From his long political observation he sets down here for the Journal the things for which he thinks the country has to be especially grateful on Thanksgiving Day, 1922.

Patrons of C.P. & St. L. Will Fight to Finish

(By The Associated Press)

SPRINGFIELD, Ill., Nov. 29.—Patrons of the Chicago, Peoria & St. Louis railroad, whose bondholders have petitioned the circuit court here for permission to dismantle the line and disband the company, today prepared to wage a strenuous opposition, and carry their case before the Illinois Commerce Commission.

The first action along this line came today when Herbert A. Tuohy, of Springfield, chairman of the recently organized patronage committee, addressed letters to the chairman of the Illinois Commerce Commission and to C. C. McCord of the Interstate Commerce Commission.

POSITION OF GOVERNMENT IS DEFENDED

(By The Associated Press)

WASHINGTON, Nov. 29.—Published attacks on the position the American government is taking at the Lausanne conference was attributed to Henry Morgenthau, ambassador to Turkey under the Wilson administration prompted the state department to issue a formal denial today aimed rather at the implications involved in the printed version of Mr. Morgenthau's remarks than at the specific allegations they contained.

The specific statement involved alleged cooperation of the state department with the Standard Oil company to obtain renegeation by the Dutch Shell company, a British concern of a portion of its interests in Palestine in favor of the American company. The department's statement said Mr. Morgenthau had been either incorrectly quoted or misinformed.

The general implication read by department officials into Mr. Morgenthau's remarks was that the American government was chiefly concerned at Lausanne or elsewhere in obtaining commercial opportunities in the near east for American oil companies. The department's statement said: "The implication in this (Mr. Morgenthau's) statement is vigorously denied by the department."

The only action taken by the department which could possibly be referred to in the published account, the statement continued, was its mandate notes asking for equal opportunity for American enterprise in mandate territories, an attitude which this administration has taken as well as the prior administration.

Having lived in this land dedicated to life, liberty and the pursuit of happiness for more than 100 years, I am perhaps entitled to say what I believe the nation has to be grateful for at the Thanksgiving season, namely:

That we weathered the most disastrous of all wars with so little real distress, and that we are not under the appalling shadow which hangs over so many of the earth's less fortunate peoples.

That we have come again into an era of general prosperity and stability out of threatened chaos. That the principles upon which the United States was founded—a government by the majority, built upon the rights with which all human beings are endowed—have not been shaken by recent internal and external events.

That the spread of these principles thruout the world—a spread which is sure, tho slow in spots—presages a time when all nations will live in perpetual amity together.

That there are no more laws than already pester us in attempting to dictate and regulate our thought and conduct. (Goodness knows there are too many already and that our government should be far simpler.)

That the women, bless them, are doing better than I, for one, expected, in using their responsibility of franchise for sound, constructive policies.

That this young and sometimes bewildered nation is developing such sound common sense, in the main, as it approaches its age of maturity, in both domestic and foreign relationships.

That, summing it all up, perhaps the fathers of our country would not need to be alarmed or ashamed if they could see how nearly we of today have followed their vision in realizing their splendid ideals of a free government.

JAMES COUZENS DETROIT MAYOR IS NEW SENATOR

Appointed by Governor
Groesbeck to
Newberry's Seat

(By The Associated Press)

LANSING, Mich., Nov. 29.—Belief that Mayor James Couzens of Detroit, will take the seat in the senate vacated by Truman H. Newberry at the opening of the regular session of congress next Monday, was expressed by political observers today following Mr. Couzens' appointment by Governor Groesbeck.

In announcing the appointment that becomes effective immediately, Governor Groesbeck declared his belief that Mr. Couzens "will be a strong influence for good in the senate," adding "there are no strings attached to him."

Detroit's mayor, who started life as a railroad worker, is credited with obtaining for that city the largest municipally owned street railway in the world. Municipal ownership has been his special hobby for many years. Senator-elect Woodbridge N. Ferris of Big Rapids, a Democrat, said today:

"The governor could not have chosen a better man unless he had picked a Democrat."

During the 24 hours preceding announcement of the appointment Governor Groesbeck is reported to have received word from several representative Detroit citizens urging him not to take Mr. Couzens from their city, because they feared the municipal projects undertaken by the mayor would suffer.

Couzens Issues Statement

New York, Nov. 29.—Mayor James Couzens of Detroit, appointed by Governor Groesbeck to succeed Truman H. Newberry in the senate said today that his past activities in office could be taken as a guide to what he would do in the future. Mayor Couzens came to New York today with Mrs. Couzens and his brother, Frank, to spend Thanksgiving with the mayor's daughter. Notification of the appointment reached him this afternoon.

"In accepting," he said, "I do so with a keen sense of the responsibility of the office. Especially do I feel so at this time in the world's history when great responsibilities rest upon the government of the United States. In leaving the mayor's office of Detroit, I do so with deep affection for the city that has done so much for me and which has honored and trusted me. There are no more patriotic people on earth than Detroiters and if I may continue to serve them legally and with the consent of the new mayor and street railway commissioners I am still willing to do so."

John Edwards, 20 years old of Los Angeles incurred fractures of both arms and both legs, and James Blakely, 21, Louisville, suffered a broken jaw and a possible skull fracture.

George Bates, 20, Davenport, Iowa and Harry Roberts, 21, Chicago, were arrested.

Reports to Chicago police said the car was stolen here and that the men were being pursued by police from Dixon, Ill., in connection with a robbery at the Chicago & Northwestern railroad station.

SHIPPING MEASURE WAS PASSED BY THE CONGRESS WEDNESDAY

Bitter Partisan Fight Has Been Waged on the
Bill—Had Twenty-Four Votes to Spare—
Fight Will be Taken to the Floor of
the Senate Next Week—Changes are Made

(By The Associated Press)

WASHINGTON, Nov. 29.—The administration shipping bill, around which was waged the most bitter partisan fight of the present congress, was passed today by the house with 24 votes to spare. The final count was 208 to 184.

Sixty-nine Republicans broke away from their party organization and opposed the bill, and four Democrats supported it.

In the face of threats to delay, if not prevent its passage by the senate, the measure will go Monday to the senate committee which plans to accept it as passed by the house and take the fight to the floor next week.

The usual motion to recommit for the purpose of striking out the provision relating to tax exemptions and direct compensation, was made by Representative Hardy, Texas, ranking Democrat of the merchant marine committee which framed it, and defeated 215 to 172.

Chairman Greene of the merchant marine committee and Representative Edmonds, Pennsylvania, ranking Republican, who shouldered the fight thru the house, declared tonight that despite amendments the measure would pave the way for putting the American flag at a high place on the seas. The general view on both sides was that had an attempt been made to pass it as framed it would have been swept to overwhelming defeat. There was a shout of approval on the Republican side when the final vote was announced but it was not half so hearty as that given Representative Leader Mondell, who in a closing address pleaded earnestly with his party to stand behind the president and give the bill a sweeping majority.

The house in the last stage of the battle defeated an amendment by Representative Lanham, Democrat, Texas, designed to give the measure what he declared was its proper name.

Mr. Lanham wanted to change the title of merchant marine act to the ship subsidy act of 1922 asserting that he had put forward the proposal in final hope that a "spade may be called by its proper name."

Passed by the house, no line was left in the bill relating to the subject of liquor selling an American ship.

When the question was reached yesterday in committee of the whole the bankhead out and out prohibition amendment was put aside and a substitute offered by Mr. Edmonds accepted. It stipulated that if a ship on any particular voyage permitted the transportation of liquor it could not share in a subsidy for that voyage.

The Edmonds amendment went out on a demand for a separate vote in the house by Representative Cramton, Republican, Michigan, an advocate of prohibition enforcement who contended it was not as strong as existing law and might be construed by some as wiping out the present statute.

Mr. Edmonds voted for the Cramton proposal against which there were only a handful of scattering votes.

Several Changes Made
The house made several changes (Continued on Page Four.)

Senators and senators-elect in the list given out by Senator LaFollette's office include eight Republicans, four Democrats and one Farmer-Laborite, Senator-elect Shipstead of Minnesota. The Republicans listed are Borah, Idaho; Brookhart, Iowa; Capper, Kansas; France, Maryland; Frazier and Ladd, North Dakota; LaFollette, Wisconsin and Norris, Nebraska.

The Democrats are senator-elect B. K. Wheeler, Montana and Senators Ashurst, Arizona; Owen, Oklahoma and Sheppard, Texas. The senatorial list as originally announced included the name of Senators Walsh, Democrat, Massachusetts but he demanded it be withdrawn, declaring he was not in sympathy with any movement to form a new "bloc" in congress.

"John Few Clothes" Slow on Draw

(By The Associated Press)

ELDORADO, Ark., Nov. 29.—A man known in the oil fields as "John Few Clothes" and also as Fenrose and A. J. Woods, alleged owner of an undesirable resort, was shot and killed and "Slim" Sanders and several of the alleged lawless elements were tarred and feathered and a considerable number of alleged objectionable persons were driven out of the Smackover oil field section in a series of raids last night and early today, made by a committee of 20 "vigilantes" from towns in Ouchita county.

A band of oil workers, numbering about 25 is reported to have resented the attempt to expel undesirable customers and to have fired on the raiders, a number of shots having been exchanged. Deputies from the sheriff's office at Camden were sent for but on their arrival early today the firing had ceased and, so far as can be learned tonight no members of the "citizens' committee" were wounded.

"Few Clothes" refused to leave the oil field section and according to reports received here defied the raiders telling them to "come on boys, I've only one life to live anyway."

He is said to have been shot as he was drawing his pistol. At least one and probably more of the alleged objectionable persons were burned and the inmates ordered to leave immediately. Almost all the undesirable who were the objects of the raids are reported to have left tonight and no further trouble is expected by the officials.

The trouble arose according to reports here when a number of the lawless element failed to heed warnings given them Sunday and Monday by citizens' "committees" to leave the country.

BERTON BRALEY'S DAILY POEM
An Ordinary Thanksgiving
By Berton Braley
WE'RE thankful in a humdrum way
Without much chattering about it,
That we've a hearty meal today,
We wouldn't care to go without it;
We're thankful for the sheltering roof
Which humdrum labor keeps above us,
And for the friends who've met the proof
Of time and trouble, and who love us.
WE'RE thankful that we still find fun,
Yes, fun that shakes the very rafters,
In just the ordinary run
Of simple jokes and hearty laughter.
Our jokes may be a trifle trite,
And capricious critics might abhor them,
But they give us a rich delight;
Such as they are, we're thankful for them!
WE'RE thankful that the family
Again is gathered here together,
Deep in our hearts we're glad to be
Undoubtedly birds of a feather.
We're thankful for our trials past,
Which, maybe, made us stronger, truer;
We're thankful that they didn't last,
And hope, in future, they'll be fewer.
WE'RE thankful that our worldly lot
Is not so bad, and that ambition
Still stirs in us, so we are not
Quite satisfied with our condition;
We do not whine, we do not crow,
But each before his heaping plateful
Gives thanks, and hopes next year will show
More reasons still for being grateful!

The movement for the organization of local companies to purchase the C. P. & St. L. railroad will probably not make very great headway. If men experienced in railroad affairs are unable to operate the road in such a way that the earnings equal the ordinary expenses—to say nothing of the investment funds—what chance would another company have? The C. P. & St. L. problem cannot be solved in any local way.
Without acceding to the views of the former French premier or agreeing that America should take the course he outlines, it is just as well to remember that the questions relating to Germany have a different look to the French. Over there the Germans are just across an imaginary line. The Frenchman who knows history knows also that the menace he fears is the real thing.
The Chicago Journal of Commerce points out that not all people are agreed that over-production or under-production are the big influences which must be met. One group declares that the real trouble is unequal distribution. No doubt many in this same group feel that a dividing up all around would settle the troubles. It might for a time—a very short time.

THE SPIRIT OF THE DAY
What are you thankful for this Thanksgiving Day? Wait a minute. It is a failing characteristic of Americans, to attempt to express nearly everything in terms of money. Or, at least, in terms of prosperity.
Most of us have the notion that Thanksgiving Day as a national festival was born in much the same spirit—a gratitude for good fortune. To some extent, it was. The Pilgrim Fathers were thankful for crops that ensured them against starvation in the barren winter that lay ahead. But unquestionably their joy was not confined to food.
They thanked the Almighty for liberty in government, freedom of worship and the simple joys of happy homes.
So, this Thanksgiving Day, let us not be thankful merely in proportion to our prosperity, the times have greatly improved in the past year.
Let us remember and be thankful for these more important elements of life—our families, our health, our friends.
Many a home that is trying to make a small chicken serve as Thanksgiving feast for a half dozen hungry mouths has more of genuine love and happiness to be thankful for than some of the places where butlers serve giant turkeys on silver platters.
And if we are away from home, forced to dine at a public eating place among strangers, let us be thankful for the love of far-away home folks and friends.
Such is the real Thanksgiving spirit.

All roads take you rushing to "The Crossroads of New York." Not all thrill, not all laughter, not all drama, but enough of each to make "The Crossroads of New York" the sign post of satisfaction. If there were any speed limits to comedy melodrama "The Crossroads of New York" would make Mack Sennett an outlaw. Bright lights and luring eyes. Whirls and "gimme-girls." MRS. KEHL'S FUNERAL HELD YESTERDAY

Large Company Gathered to Honor Memory of Long Time Resident.

Funeral services for Mrs. Henry Kehl were conducted yesterday from her old home, church, south of Murrayville where years before she was converted the scripture of her own selection being read by the Rev. W. R. Johnson, a life-long friend of the family. He read the 23d Psalm, and other passages dear to her, while the Rev. Roy March delivered the funeral sermon from the text found in Revelations, 14th chapter, 11th verse. Rev. Johnson further commented upon the life of the deceased and gave a burning message to the living to emulate her example.

Appropriate music was rendered by the church choir, with a solo "Shadows" sung by Mrs. Orville Mutch.

The flowers were cared for by four nieces, Mrs. O. P. Steele, Mrs. T. J. Wilson, Mrs. James Ludwig and Mrs. Claude Bolton.

The pall bearers she selected from among her nephews, the oldest in their families, namely, Albert Henry, Lloyd Sorrells, Warren Fanning, Richard E. Fanning, Henry E. Cain, and Oral Henry.

Interment was made in the Youngblood cemetery.

The large attendance of friends of the deceased and her family, many who came from long distances attested the love and esteem in which she was held.

Mariah Susan Henry, daughter of Elijah and Margaret Henry was born at the family homestead five miles southeast of Woodson, February 9, 1860, where she grew to womanhood, with eight sisters and two brothers. Being grown up in a Christian home she early in life was influenced by the living example of father and mother and others of the family, and during a series of meetings conducted at the Youngblood Baptist church by Rev. B. F. Drake in the year 1885 she was converted to the Christian religion which was the beginning of a long life of service and sacrifice for her Master.

She was married October 18, 1877, to Henry R. Kehl, establishing their home among friends and relatives where they had lived from childhood. Into this home came the following named children: Margaret Elizabeth, who became the wife of George M. Mathews and who passed away in 1912; Herman E. John L. Nellie L., now the wife of Charles A. Thompson, Charles, Leroy, Priscilla, wife of R. J. Sheppard together with three others who died in infancy.

In later years the family moved to Greene county, living in the vicinity of Roodhouse, and later in White Hall.

Two years ago she moved to their late home in Jacksonville, where after one year of residence her health began to fail, and despite the efforts of ablest physicians she was compelled to resign herself to the inevitable and reluctantly relinquished her interest in her household duties and gave herself into the care of her loved ones, who for six long weeks the forces of nature were combined to break down the rugged constitution while loving hands tried in vain to nurse her back to health.

During all her affliction she was patient and prayerful and ever ready to give praise to her Master, who was her strength and constant support in every trial.

She was ever anxious to tell others of her Redeemer and her life was one continuous example of Christian purity.

Even after her mind was clear and she was anxious to depart and be with Him who had gone to prepare a place for her eternal in the Heavens.

After she had made all plans for her funeral and had proclaimed again and again that there was no sting in death she was given a happy and peaceful hour in which to die and at 4 o'clock a. m. Monday, November 27, 1922 at the age of 62 years, 9 months and 18 days, the spirit slipped away from the worn out body and we are left with an added interest and a more definite hold on the treasures of the Heavenly kingdom in the world beyond.

Because she was such a kind and faithful wife and mother she was attended in her every need and wish by the life long companion and sorrowing hands of her children.

Scores of friends remember the kindly words of admonition to right living and preparation for the trying hour, even in the midst of life's activities.

Beside the husband and children above mentioned, she leaves twelve grandchildren, and three great grandchildren, one sister, Mrs. Robert Fanning, one brother Charles R. Henry, and a host of friends to mourn their loss.

An angel came in the early dawn Came on an errand of love And gently took our mother away To her Heavenly home above.

Long had she waited the Master's call. The long nights of pain she patiently bore Now with the ransomed and blessed she stands Happy forever more.

Her kind voice is still her work is done. Her tired hands folded in death Gone from this world of sorrow and woe To the home of the ransomed and blest.

She had no fear of the dashing flood. No fear of the raging sea For she took for her pilot across the tide

Jesus of Galilee.

The angels welcomed her home to Heaven, Where there is no sorrow or pain; She is safely anchored on Canaan's shore. And we now we will meet her again.

The members of the family wish to express their appreciation to the many friends and neighbors for their thoughtful kindness and sympathy in this their sad bereavement.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

LLOYD AND 16 ASSOCIATES ARE RELEASED

(Continued From Page One.)

er it is the best way, from a public standpoint, to counteract the tendency of their views."

He directed attention to the fact that similar laws had been enacted in many states adding that in his judgment much of such legislation "might be termed war psychology."

"It is manifest," he said "that during the war certain legislation might have been entirely proper for regulation or suppressing seditious utterances ***** while it might be very short sighted to endeavor to enforce that legislation in times of peace."

In arguing that the law in question was a regression of free speech, Justice Carter pointed out that the "czars of Russia are so fearful of the danger arising from public utterances, which seemed to counsel violent measures that the officials censored and suppressed all books and periodicals containing articles of that kind ***** they banished many hundreds of persons holding such views."

He quoted Cooley on "constitutional limitations," who said: "Repression of full and free discussion is dangerous in any government resting upon the will of the people," and continued: "Is there anything that can take the place of open and free discussion in a country like ours that is controlled by public opinion? Is it better to drive such people into the woods, the corners and the dark places of the world to conspire in silence and secrecy? Is it not best to allow free discussion in this country of all public questions as to the necessity of changing laws or the form of government."

THANKSGIVING MESSAGE GIVEN BY CLEMENCEAU

French War Premier Deeply Touched by Reception

(By The Associated Press)

CHICAGO, Nov. 29.—Georges Clemenceau, touring the United States in an effort to forge closer bonds between this country and France tonight dictated the following Thanksgiving message: "Deeply touched by the kind reception granted me and the attention given to the delivery of my message, there is much I am thankful for."

The former war premier spent the day relaxing and seeing the sights. He leaves at 10 o'clock tomorrow morning for Springfield, Ill., where he is to decorate the tomb of Abraham Lincoln, and deliver a short eulogistic address. Then he goes to St. Louis.

The tiger's program for the day worked out by himself, started with a visit to one of Chicago's biggest abattoirs and packing plants and ended with a visit to the Auditorium, where he heard Rimsky Korsakoff's Russian fantasy "Snegourochka" (The Snow Maiden) sung in French.

He received an ovation as he appeared in the Potter Palmer box, which was draped with the French tri-color and the stars and stripes. It was a veritable spree for the tiger, who usually retires at 8.

After the first act, Edouard Coireuil, French basso, sang the Marseillaise, and Cyrena Van Gordon, the Star Spangled Banner. Between abattoir and opera, Clemenceau sandwiched visits to the Chicago Art Institute, the Anderson Galleries and the Field Museum of Natural History.

Entering the art institute, he proved his knowledge of art by picking out the prize Corot of the collection and heading straight for it, standing for several minutes in silent admiration.

SHIPPING MEASURE WAS PASSED BY THE CONGRESS WEDNESDAY

(Continued From Page One.)

in the bill as reported by the merchant marine committee. One gave congress the right to appropriate annually out of the merchant marine fund the money necessary to carry out the provisions. Another provided that industrial ships such as those owned by the Standard Oil company should not collect compensation on any portion of a vessel carrying cargo of the ship's owners.

The provision giving income tax reductions to shippers sending their goods abroad in American vessels was stricken out and the house stipulated that the steamship Leviathan should not be sold for less than the cost of reconstruction, \$8,156,000.

Purchasers of shipping board vessels would pay not less than four and a quarter per cent interest on deferred payments instead of four per cent as originally stipulated in the bill under an amendment adopted and money loaned to prospective constructors would bring the government less than four and one quarter per cent interest instead of two per cent.

As finally passed the bill provides for the sale to private owners of the government's merchant fleet and the establishment of a revolving fund to be loaned to American citizens for ship construction.

Another fund, the "merchant marine fund," would be established from proceeds of tonnage dues and duties amounting, according to sponsors of the bill, \$4,000,000 annually and ten per cent of the amount of customs duties which would total \$30,000,000 per year.

FILIBUSTER IN SENATE STOPS DYER MEASURE

(Continued From Page One.)

Senators on both sides frankly declared that "more and more the wonder grew" and Senator Curtis of Kansas, the Republican whip, asserted on the floor that congress had seen no filibuster so complete since the famous Force bill was talked to death in 1891.

Senator Willis, of Ohio, one of the strongest Republican advocates of the anti-lynching bill, went even further and said "the parliamentary history of this country discloses nothing to approach the situation which now exists in the senate."

More Debate Than Ever
More debate marked today's session than yesterday's and the make only two motions to amend Democrats were compelled to the journal in furthering their policy of obstruction. One motion was to insert the chaplain's prayer, omission of which Senator Harrison said might cause children 100 years hence to hang their heads in shame at their great great grandfathers in the senate.

The other motion was pending when the senate adjourned and would have designated in the journal the time when the president pro tempore yesterday gave up the chair to Vice President Coolidge, absent during the early part of the session in attendance at the cabinet meeting assumed if an amendment which Senator Harrison said "certainly should be made for the sake of accuracy."

LOOKS AS IF IT WILL TAKE SIX MONTHS

According to the speed with which people are rushing to cash their War Savings stamps it will take six months to get the business finished, according to Thos. Harbor, assistant postmaster here. Only fifteen applications were received the first day, Monday and while that number has almost tripled in the days since, the postal people would feel better if they came in more than twice as fast as that—in other words 100 per day in the Jacksonville post-office.

At the present rate it is likely to take six months to cash them all, with very few cashed when due, January 1st. The matter of application is a comparatively simple one now, but will take the more of the applicant's time if he waits until the thick of the Christmas rush and the W. S. S. rush that is likely to come immediately after.

The applications take time to handle and pay, and the man who wants his money in anything like a hurry will do well to attend to it now.

Transfer to other bonds of the U. S. government can also be made on the stamps at this time.

OBITUARY

Elizabeth B. Kenyon, daughter of James and Jean Kenyon was born near Neeleyville, Morgan county, April 30, 1867; and passed away after an illness of several months, Nov. 25, 1922.

She was converted in early life and was a consistent member of Youngblood Baptist church. She was united in marriage to David S. Taylor, September 15, 1887, and to this union were born three children, Mrs. N. F. Edwards, Laurens, Iowa, Ethel who passed away March 19, 1915, and Clarence Lee Taylor of Jacksonville. Her aged mother, seven sisters and one brother also mourn her; Mrs. Henry Vortman of Neeleyville, Mrs. Mary Aiken of Parson, Kansas; James Kenyon and Misses Janet and Jean Kenyon of Neeleyville; Mrs. Annie Warner of Basset, Iowa; Mrs. Agnes Ohler, Winchester and Miss Marian Kenyon of Jacksonville.

During her brief illness she was patient and calm and uncomplainingly awaited God's holy will. In the last hours she gave evidence of pleasure and happiness not known in this world, and gave full assurance that she was prepared to go. The breach in the family and surrounding communities from the loss of one of such uncommon promise is only mended in the knowledge of His eternal will.

The funeral services were conducted from Youngblood Baptist church by the Rev. Roy March of White Hall. Interment was made in the Youngblood cemetery.

The music was furnished by the church choir. The pallbearers were Henry Whitlock, Jack Fanning, Zeke Edwards, Albert Gridler, Walter Kitchen and Bub McNeely. The flowers were cared for by Mrs. Margaret Blake-man, Misses Jane Wright, Gracie Ohler, Dorothy Ohler, Kathleen Ohler and Jeanette Vortman.

The dense throng of old and young that crowded the church gave expression of public sentiment in behalf of our departed friend, faithful wife and loving mother.

The beautiful floral gifts that covered the grave were the last tributes of respect and admiration that anxious hands could do. The entire community join in their sympathy for the heart broken family.

A TRIBUTE OF RESPECT

TO SAMUEL H. CRUM

"He has achieved success who has lived well, laughed often and loved much; who has gained the respect of intelligent men and the love of little children; who has filled his niche and accomplished his task; who has never lacked appreciation of earth's beauty or failed to express it; who always looked for the best in others, and gave of the best he had; whose life was an inspiration and whose memory is a benediction."

And as we viewed the face after the long, hard race was done, where there was no trace of pain upon his features, naught that could suggest anything but Peace and Sweet Content, those who loved him could not keep back the tears because of their loss but no one who saw him at the last could think that he was other wise than gloriously at rest! He had indeed "greeted the Dawn" near the hour of the rising of an earthly winter's sun that he broke the last of his prison bars, and freedom found at last. And we could but feel his message to these left behind could be found in the words of the poet.

"When all is done, and my last word is said,
And ye who loved me murmur,
"He is dead."
Let no one weep for fear that I should know
And sorrow too that ye should sorrow so.

When all is done and in the oozing clay,
Ye lay this cast-off hull of mine away
Pray not for me, for after long despair,
The quiet of the grave will be a prayer.

For I have suffered loss and grievous pain,
The hurts of hatred and the world's disdain.

And wounds so deep the Love, well tried and pure
Had not the power to ease them or to cure.

When all is done, say not my day is o'er
And that thru night I see a dimmer shore
Say rather, that my morn has just begun
I greet the dawn—and not a setting sun.

When all is done, A FRIEND

DRILL NOW WORKING IN THE TRENTON

Few Days Will Show Whether Business Men's Well Is a Producer or Dry.

C. F. Rhodes and Frank Byrns who have watched closely the development of the oil well on the Cleary farm literally have their ears to the ground now. The drill was down to the depth of 1320 feet last night and is in the Trenton formation. Mr. Rhodes had a telephone conversation yesterday with Mr. DeWolf and Mr. Collingwood of the geological survey, and informed them of drilling conditions. Both of the geologists expressed the fact that the prospects are excellent for the finding of a real oil well.

The Trenton formation is about 300 feet thick and the drill is now working in this formation at a distance of about 60 feet. Under usual conditions when the oil is found in such a formation it is at the depth of about 120 to 150 feet in the Trenton. This means that the course of another day or two of drilling will show whether or not this is a producing oil well.

FRYE BARNS BURN WEDNESDAY NIGHT

Fire Started Near Corn Crib—Three Cars, Power Plant and Grain Burned.

Buildings on North Main street belonging to H. E. Frye and Co., electrical contractors, and including grain houses and barns formerly used for chickens, were almost totally destroyed last night by a fire which gained great headway before being discovered. Only the office building remains standing, and the rear rooms of this building are badly damaged by fire and water.

Two trucks, a power plant, and a Ford car were destroyed by the flames, and grain stores belonging to Sam Twyford were laid to waste and ruined by fire and water. These included principally corn, hay and bran. The cars and plant belonged to Mr. Frye.

In the barn were housed a number of automobiles, the power plant and a team of horses. The horses, belonging to Sam Twyford, were saved, and cars belonging to him and to Fred Seager were outside of the barn at the time of the fire. After rolling his car away Mr. Seager, with some assistance, was about to attempt the rescue of a large truck, when a gasoline tank on one of the stored cars blew up, making further attempts fool-hardy.

The fire was first discovered by a Mr. Luker, who is a resident in the building and in charge of the office of the Frye company. While seated at the table playing cards at about nine o'clock he saw flames thru his window at the far end of the barn next to the corn bin. He immediately telephoned the fire department. For some reason the street number of the place was gotten as 905 instead of 509, and the fire truck whizzed on by, the flames not being visible from the street. Mr. Luker telephoned for a second truck, but by this time the mistake had been discovered and the engine came back. The flames by this time had gained great headway on the interior, and the building was doomed. It was then only a question of saving what could be saved.

The cause of the fire remained undetermined, with probability in favor of some form of spontaneous combustion. The buildings and the grain stores are covered by insurance, but Mr. Frye being absent on a trip to Peoria, no statement could be obtained concerning the equipment. Herbert Frye, a brother, took charge of the office after the fire to safeguard the premises. Proper safeguarding of light wires was made by a representative of the light company.

FUNERALS

Funeral services were held at 11 o'clock Wednesday morning for the late Mrs. Talma M. Smith, who passed away Monday at the home of her son, Frank Smith in Chicago. The funeral was conducted at Rev. H. Tull, pastor of Grace M. E. church.

Interment was made in Diamond Grove cemetery, the bearers being Fred Hutchinson, Harry Norris, Anthony Kennedy, and J. Taber Mathers.

Among those here to attend the service were Mr. and Mrs. Harry Smith, Mr. and Mrs. Frank Smith and son, Lawrence; Mr. and Mrs. Charles Haigh and daughter, Elizabeth, Mrs. Ella Seibert, Mrs. Edward R. Slagle, Eugene Smith, all of Chicago.

Ricks.
The funeral of the late John Ricks was held at 2:30 o'clock Wednesday afternoon at Central Christian church. Rev. M. L. Pontius, the pastor, was in charge.

The beautiful floral tributes were cared for by Misses Nettie Engel, Alma Batz, Carrie Rataichak and Mrs. John E. Pires.

Burial was made in Jacksonville cemetery, the services at the grave being in charge of the Masonic order. The bearers were M. D. Rupp, Charles S. Black, S. Angelo, Fred Begg, A. W. Leck and C. E. Segner.

ROUSING "PEP" MEETING AT J. H. S.

Was Held in Preparation For Thanksgiving Game—David Prince Students Also Invited.

A rousing pep meeting, full of real, honest to goodness pep was held at the high school yesterday morning in preparation for the big Thanksgiving football game here with Western Military Academy which closes the season for the football warriors of J. H. S.

The students of the David Prince school were invited to the pep meeting and the students of the two schools filled the big high school auditorium. The main feature of the meeting was the first appearance of the new Jacksonville High School Band. The band is composed of about thirty pieces and is conducted by John May of the faculty. The band opened the meeting by playing three selections, "Yankee Doodle", "Dixie", and "Marching Through Georgia."

The members of the team were then called to the platform and responded to calls for speeches. Special applause was given to John Putnam, captain of the team, and other players who will make their last appearance on the high school grid today. These men are seniors and their graduation will mean a loss to the J. H. S. eleven.

Lawrence Laney of the class of last year was the yell leader at the meeting.

Superintendent Shafer, in a short talk urged a large attendance at the game this afternoon and at the Thanksgiving Carnival tonight, in order to defray the expenses of the game with Western Academy. The preparations for the carnival are nearing completion and all those who attend this evening are promised a gay time as well as an evening of splendid entertainment.

You can taste the difference in **ZEPHYR** bakings

SOMEHOW the snowy-white cake seems sweeter and richer the very first time you bake with Zephyr flour. Rolls, too, have a new fluffy lightness and pie crusts are tender and wholesome. The secret's in the milling of the choice Kansas wheat, so full of healthful nourishment. Zephyr is always uniform in quality, each sack just like the last. That's worth remembering when you compare ordinary flour with Zephyr.

J. H. S. PLAYS LAST GAME THIS AFTERNOON
Meets Western Military Academy of Alton on Illinois Field—Game Starts at 2:30 O'clock.
Jacksonville high school's football team will play its last game of the 1922 season this afternoon when it meets the strong eleven of Western Military academy of Alton on Illinois field.
This is the only game scheduled for today and the last opportunity fans will have to see their favorites in action. Several men will play their last game for J. H. S. this afternoon. Among them are Putnam, captain, Hackett, K. Bracewell, L. Bracewell, Dewees and Knapp.
The game will be called at 2:30 o'clock which will give fans ample time to eat their Thanksgiving dinner and those who dine at night will have plenty of time as the game should be over shortly after 4 o'clock.
The locals have been working hard for the game this afternoon as no game was scheduled last Saturday. All of the men are in good shape and ready for the whistle. Palmer Hunt will see his team in action from the sidelines for the first time since he entered high school.
Western Military has a strong squad this season and has only lost one game, that to Staunton last Saturday by a score of 13 to 7. The soldiers are heavier than the ordinary high school team, tho with Smith and Hackett in the local line it is probable that the high school line will about balance the visitors.
John Larson will be the referee. Brockman, University of Illinois, of Jerseyville, who has officiated at the district basketball tournaments here for the past two years, will umpire. Brockman is a great favorite here and will be given a warm greeting by his many friends this afternoon. Reynolds will be head linesman.
The locals will lineup as follows:
Massey, lg.; Hackett, lt.; Hopper, lg.; Smith, c.; K. Bracewell, rg.; L. Bracewell, lt.; Putnam, re.; Arnold, qb.; Lewis, lb.; Corbridge, rh.; Johnson, rb.

MEREDOSIA WINS FROM BAYLIS 35-19
Comes From Behind and Defeats Opponents in Second Half—Score 14 to 12 in Favor of Baylis at End of First Half.
MEREDOSIA, Nov. 29.—Meredosia high defeated Baylis here tonight in an exciting game by a score of 35 to 19.
The visitors threw a scare into the local fans when they started off with a rush and took the lead which they held at the end of the first half 14 to 12.
In the second half Meredosia got warmed up and with the aid of some great basket shooting by Walsh, Northrup and Hyde took the lead and won the contest. The score in the second half was 23 to 5 in favor of Meredosia.
Walsh, Northrup and Hyde did fine work on the offense for Meredosia while the guarding of Skinner and Bushnell was excellent, as they completely stopped forwards in the second half. Stauffer, Potter and Laughery did best work for Baylis. The lineup:
Meredosia. F. G. T. G. T. F.
Walsh, f. 8 1 17
Hyde, f. 3 0 6
Northrup, c. 6 0 12
Skinner, g. 0 0 0
Bushnell, g. 0 0 0
Totals 17 1 35
Baylis. F. G. T. G. T. F.

MAJOR LEAGUE OPENING TO BE DECIDED
CHICAGO, Nov. 29.—The opening of the major league baseball season will be definitely decided at the joint meeting of the American and National leagues in New York next month, President Johnson of the American league said tonight.
At the suggestion of Barney Dreyfus of the Pittsburgh Nationals a member of the schedule committee that the opening date be advanced a week earlier than usual, Mr. Johnson sent word to his club owners naming April 17.
He was not aware at the time that this date fell on Tuesday and since the subject was called to his attention he believes the date is unsatisfactory. It has been customary to open the season on Wednesday so that the clubs meeting in the first series of the year may participate before a Saturday crowd as the schedules list four games to a series.
Mr. Johnson said the 1923 season would open about the same as a year ago, probably Wednesday, April 11.

CORNELL MEETS PENNSYLVANIA
NEW YORK, Nov. 29.—Cornell's claim to eastern championship football honors will undergo the stiffest test it has had all season tomorrow when the red machine clashes with Pennsylvania in the annual Thanksgiving Day game between these traditional rivals at Philadelphia.
The Ithacans, strong defensively and with a formidable running attack led by Captain Eddie Kaw, will enter the contest decided favorites but the Quakers who have had a habit of doing the unexpected this season and beaten such teams as the Navy and Penn State may add another surprise to this year's extensive array of upsets. It is certain at least that Cornell will face much more powerful opposition than a year ago when Pennsylvania was buried by 41 to 0. In other outstanding holiday games Pittsburgh is favored to take the measure of its ancient rival Penn State; West Virginia's unbeaten eleven is conceded an even chance of victory against Washington and Jefferson and Colgate hopes to score decisively over Columbia.
Vermont's strong eleven will figure in an intersectional struggle at Detroit with Detroit University which a week ago upset the dope by conquering W. & J. 20 to 9.

HAND PICKED CHAMP WILL FIGHT TODAY
New York, Nov. 29.—Dave Rosenberg of Brooklyn, designated by the New York state athletic commission as world's middleweight champion will box Mike O'Dowd of St. Paul tomorrow afternoon in 15 round contest in Brooklyn.
O'Dowd formerly held the world's middleweight title.

FURTHER IMPROVEMENT
IN STOCK MARKET

NEW YORK, Nov. 29.—Specu-
lative interests continued to find
operations on the long side
profitable in today's stock market
with the result that further sub-
stantial improvement was noted
thru the list the gains in active
shares running from 1 to 2
points. A bear raid on the Erie
issues caused material recessions
in those shares and temporarily
halted the upward movement.
The Erie's recovered most of
their loss. Buying of motor ac-
cessory stocks was influenced by
an increase off from \$4 to \$5 in
the annual dividend rate from
Stromberg Carburizer, a former
Allan Ryan property, that stock
advancing 3 1/2 points.

Short covering operations un-
doubtedly played a big part in
today's advance the raid on the
Erie issues being regarded in
some quarters as a method of
facilitating them in other railroad
shares.

Additional announcements of
increased dividends and the opti-
mistic tone of the weekly iron
and steel reviews had a cheerful
effect on sentiment some invest-
ment buying being noted in high
grade rails and industrials.

Oil shares again stood out in
the industrial list. General
Asphalt improved four points,
the preferred 3 1/2 and Standard
of New Jersey 3 1/2. Baldwin Loco-
motive, Continental Can, Sears-
Roeback, Beech-Nut Packing and
U. S. Steel all closed 1 1/2 to 1 3/4
higher and Studebaker, Corn
Products and U. S. Alcohol gained
large fractions.

A few scattered loans were
made at 5 per cent in the time
money market with the demand
fairly active for accommodations
at 4 1/2 per cent for all maturities.

The commercial paper con-
tinues at 4 1/2 per cent with out
of town institutions as the heaviest
buyers.
